

Rules and Information

To prepare for the event, All American Super Car Wash will close at 5:30 p.m. each night during the Haunted Car Wash. Then at 6 p.m., we will open the Haunted Car Wash!

The \$25 wash will be the only wash available during the Haunted Car Wash. Because of the expected traffic, the wash will not include a towel dry.

All American will not be responsible for driver negligence.

Fast Pass washes will not be redeemable at the Southwest Pkwy location during Haunted Wash hours but can be redeemed at either of our other two locations in Wichita Falls. In Lawton, fast pass washes will not be available during the Haunted Wash.

Haunted Car Wash nights are loaded with Halloween fun! Each night during the event, Halloween characters can be seen around the wash before your vehicle enters our foggy and spooky Haunted Car Wash Tunnel! Be prepared for surprises as you go through the Tunnel! Feel free to take photos, too!

Items Not Allowed

No excessive dirty vehicles will be allowed as there won't be enough time to properly prepare the vehicle for the wash. No dually trucks, trucks lifted over 7 ft. 2 inches, trucks with wide tires not fitting properly on the conveyor, vehicles with any type of back mounted rack will not be allowed into the car wash. All open truck beds must be empty and free of any loose items. If your vehicle is has been lowered or is too low to drive onto the conveyor it will not be allowed to enter the car wash. If you are concerned that your truck tires may be too wide or your vehicle too low, please visit the car wash during normal business hours so we can check them for you.

If you do not want any interaction from the characters, please keep your windows rolled up and your doors locked. Also, please be nice to our monsters. If you are scared and prefer they leave you alone, please let them know and they will move on to another vehicle.

We want you to have fun and enjoy the Haunted Car Wash. If you have any health problems that would prevent you from going through the car wash tunnel, please reconsider. While your safety is very important to us, All American Car Wash is not responsible for any health issues that may result from going through the Haunted Car Wash.
